2019 Winter Transportation Study -- Final Survey

Welcome to the **Final Survey**! Thank you for reporting your travel patterns and for completing earlier surveys. We greatly appreciate your responses.

As a reminder, you can [view the Letter of Information](#) about this study.

In this survey, we are asking for **your thoughts, opinions, and attitudes** about a number of different topics related to transportation.

This survey should take approximately **15 minutes** to complete. You can track your progress on the grey/blue bar at the top of the screen.

Every adult member of your household (age 18+) should take this survey once. After completing this survey, you will be redirected to a link where another person can start over at the beginning.

If you have any questions about this survey, please email transportation.study@usu.edu or contact the principal investigator, Patrick A. Singleton (patrick.singleton@usu.edu or 435-797-7109).

You must be 18 years old or older to complete this survey. Please confirm this by checking the box below.

☐ I confirm that I am at least 18 years of age.

What is your HOUSEHOLD CODE? See the email you recently received.

What is your NAME? A first name is fine. Providing this will help link your responses on this survey with previous surveys.

If you or your household has experienced any major CHANGES since joining this study, please describe them below. Please indicate if and describe how any of the following changes occurred:

- Gained or lost household members

- Moved home locations
- Changed jobs or work locations
- Changed schools
- Purchased or sold a motor vehicle
- Or similar changes...

Please state how much you agree with the following additional statements about THE ENVIRONMENT.

	Strongly disagree	Somewhat disagree	Neither agree nor disagree	Somewhat agree	Strongly agree
Despite our special abilities humans are still subject to the laws of nature.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The so-called "ecological crisis" facing humankind has been greatly exaggerated.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The earth is like a spaceship with very limited room and resources.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Humans were meant to rule over the rest of nature.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

	Strongly disagree	Somewhat disagree	Neither agree nor disagree	Somewhat agree	Strongly agree
The balance of nature is very delicate and easily upset.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Humans will eventually learn enough about how nature works to be able to control it.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If things continue on their present course, we will soon experience a major ecological catastrophe.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Recent [studies](#) from researchers at USU and other institutions have found that the transportation sector (specifically, motor vehicle emissions) contributes a substantial portion of the chemical compounds and particles that contribute to air quality issues in Cache Valley.

As a result, researchers and public policy-makers are looking for transportation-related solutions that can reduce air pollution. The following questions ask about *your thoughts on various strategies*.

Note: Non-automobile transportation options include walking, bicycling, public transit, etc.

I would strongly support this

Offering discounts on the purchase of hybrid or electric motor vehicles

I might support this

I would never support this

Increasing fuel taxes to pay for more non-automobile transportation options

Increasing vehicle registration fees to pay for more non-automobile transportation options

If you have any other ideas for addressing air quality issues in Cache Valley, please describe them below.
